

Technologies

- 11 mm square chain with fabric sleeve to prevent damage to the motorbike's paintwork
- The chain, the lock body as well as supporting elements of the locking mechanism are made of special hardened steel
- ABUS XPlus cylinder for high protection against manipulations, e.g. picking
- ABUS Code Card for additional and replacement keys
- With innovative locking mechanism: light weight, single piece chain lock
- Two keys are supplied with the lock

Operation and use

- Good protection at high theft risk
- Recommended for securing entry level motorbike, light motorbikes and scooters

Tips

- This lock can be ordered keyed alike to other locks. This means several locks would match one key, respectively key code
- Chain lock combinations are a very good solution for locking a motorbike to a fixed object
- To limit the possibilities of brutal attacks it is recommendable to avoid that the chain lays on or hangs close to the ground
- For the protected transport we recommend the bag ST1010
