

WEATHERPROOF AND ROBUST

Our lever padlock 465Z is a strong steel lock for securing cupboards, drawers, bicycle baskets or gates or sheds outdoors.

Your cupboards, drawers, barn and garden doors as well as bicycle baskets should always be reliably protected against access by unauthorised persons. Prevent casual theft with our robust and weatherproof lever padlock 465Z! The lever padlock consists of a weatherproof zinc plated steel housing and a swivelling steel shackle. On request, the lock is available with a side bar or side chain to secure it. This is ideal outdoors for gates, sheds and more: This is because the padlock is protected from falling into the dirty ground in heavy rain, snow or mud.

Technologies

- Solid steel lock with levers and swinging shackle
- Upon request also available with side shackle, side chain to fix the lock
- Key retaining: locking only with the key
- 465Z/40-50: weather-resistant zinc-plating
- Incl. two keys

Operation and use

- To secure valuables / goods of lesser value or at a low risk of theft
- To lock e.g. cupboards, drawers, sheds, garden gates, bicycles baskets etc.
