

ekey sLine sõurmejäljelugeja komplekt 2N IP VERSO

Tootekirjeldus

The ekey sLine fingerprint set for intercom systems is a biometric access solution that provides keyless access to buildings via intuitive touch operation. The set includes the intercom module with integrated ekey sLine fingerprint and the ekey controller REG. The system is administered via the ekey bonyx app.

Advantages of the system:

- The finger as a key
- Maximum security
- Home entrance with a smart experience
- Flexibly expandable with new features and devices and much more

Compatible products:

- ekey [controller expansion module](#) - 203210
- ekey [APPMODULE KNX](#) - 270017
