<p>Chainlock ABUS Steel-O-Chain 5805C/110 (b) is made of high-quality, durable, damage-resistant, two-component number rollers. So you can enjoy the lock for a long time. The numbers on this combination lock remain legible even after prolonged use. That is why ABUS does not paint the numbers in colour and produces the number roller from two durable components.</p>	36,24,-	42,64,-
