ABUS Steel-O-Chain 8807K/85 Chain Lock

Due to their flexibility chain locks are one of the most popular bicycle locks among cyclists. The Steel-O-Chain 8807 convinces with high flexibility and good safety.

The biggest advantage of this lock, as with all chain locks, is its flexibility. It can be easily connected to virtually any object, even in the smallest of spaces. Whether bicycle racks or street lamps, the Steel-O-Chain 8807 offers maximum flexibility with a length of 85 cm.

At the same time it offers high convenience with its automatic cylinder. This means that it locks as soon as the end piece is inserted. Active locking with the key is not necessary.

ABUS security level 8

Technology of the ABUS Steel-O-Chain 8807K/85 Chain Lock

- 7 mm thick square chain with textile sleeve that prevents damage to paintwork.
- The chain, the lock body and supporting elements of the locking mechanism are made of specially hardened steel.
- Good protection with a medium risk of theft.
- Recommended for securing good bikes
- The larger the length, the easier it is to connect to a fixed object.

- Very easy handling, because only one end of the chain has to be locked.

Mounting:

- ST 2250 - Frame bag for everyday and leisure use
- hook and loop straps for easy handling
