ABUS Bordo Lite 6055/85 Mini Folding Lock

- The lightweight among the Bordos, the Abus Bordo Lite 6055 Mini folding lock with a length of 85cm. With ABUS Security Level 7, it offers good protection at low to medium risk of theft.
- Thanks to its small format it finds space in any jersey pocket.
The included SH 6055 holder can be mounted on the frame without tools with the practical tension strap holder.
- Since the lock can be removed frontally, it takes up little space and is ideal for small frame geometries.

Technology:

- Special steel construction, with color-coordinated plastic coating to protect against paint damage
- The bars and the housing are made of especially light materials and steel alloys
- Rods are connected by special rivets
- High quality automatic cylinder
- Color-coordinated silicone coating for the lock body with "soft touch" properties
- Hinged design allows compact folding
- High-quality locking cylinder for high protection against manipulation, e.g. picking
- No active locking with key necessary
- Two keys included in delivery
