

# ABUS Combiflex 2503/120

## Tootekirjeldus

The Abus CombiFlex 2503 is a small yet powerful cable lock with a secure 4 digit code. The lock is outstandingly suitable for luggage and sports equipment such as bicycles, bicycle helmets, ski's, snowboards and prams. With it's compact dimension, it can be stored away in a trouser pocket and can be used simply just about anywhere for a quick and safe option.

For maximum flexibility, the code can of course be set individually.

### Features:

- Compact roll-back cable lock as prevention from occasional theft and unauthorised use.
- Perfect protection for luggage, sport equipment like bikes, bicycle helmets, skis, snowboards and skates.
- 4 digit security code.
- Fits perfectly into jersey pockets.
- Automatically rolling up cable.
- Weight: 92g
- Length: 120cm
