

ABUS Steel-O-Chain 5805K/110

Tootekirjeldus

Flexible thanks to chain lock

The Steel-O-Chain™ 5805K chain lock is especially suitable for cyclists who are often on the road in regions with a low risk of theft. Especially if you often lock your bike in different places, a flexible chain lock is highly recommended. The clear advantage of the 5 mm thick square chain made of special steel of the Steel-O-Chain™ 5805K chain lock is its flexibility. This offers many possibilities to securely connect the bike to different objects. For example, firmly anchored bicycle stands or lampposts are well suited, if the bike does not obstruct anyone.

Features of ABUS Steel-O-Chain 5805K Lock:

- Good protection with a low risk of theft
- Recommended for securing inexpensive two-wheelers
- 5 mm thick square chain with textile tube to protect against paint damage
- The chain is made of special steel
- For protected transport we recommend e.g. the frame bags ST2012, ST 2200, ST 2250 or ST 8130 L
- Incl. 2 keys
- Security Level Bike 5
