

TOOTENIMETUS	SOODUS	HIND
<p>           The 24 is made from 100% non-corroding components, and is designed for extreme weather conditions. These locks come with 100% stainless steel protection; the shackle, lock body and internal components are all made of high quality stainless steel. This lock has a key retaining feature that prevents removing the key while the padlock is unlocked. The round lock body protects the shackle which makes the disc lock extremely hard to defeat.         </p>	<p>           lock.
