

ABUS 180IB/50

Tootekirjeldus

ABUS 180IB series marine grade combination padlock with a 4 digit re-settable combination. The body is made from solid forged brass and features a stainless steel shackle and non-corrosive inner components.

Precision locking mechanism with special protection against manipulation.

Weatherproof combination padlock with resettable code.

Usability:

- To secure valuables/goods of medium value or at an average risk of theft
- Ideal for use in severe weather conditions (e.g. in coastal regions or ports, to secure goods on vehicles and boats in outdoor use)
- To secure doors, gates, lorries, lockers, tool boxes, cellar windows, sheds, switchboards, etc.

Product Features:

- For extra security, to offer greater security and to enable closing, spin code wheels out of opening sequence
- 4-digit resettable code
- Body made from solid forged brass
- Shackle made from stainless steel
- Inner components made from non-corrosive materials
- Precision locking mechanism with special protection against manipulation
