

ABUS GRANIT Extreme 59/180

Tootekirjeldus

Secure behind lock and shackle: ABUS Granit Extreme 59/180 U-Lock

The shackle and other security-related parts of the GRANIT™ Extreme 59 are made from hardened special steel. An ABUS XPlus cylinder increases the protection offered against tampering attempts such as picking. When transporting, the GRANIT™ Extreme 59 is incredibly flexible: you can attach it to tubes with a 12–17mm diameter using the SH 59 bracket. Or you can use the M6M Monolock Adapter Plate from GIVI as a fully-integrated mounting option - not included.

Features - ABUS GRANIT™ Extreme 59/180HB

- 16 mm square parabolic shackle
- Double-locking mechanism securing the shackle in the lock body
- The shackle, the lock body and the structural parts of the locking mechanism are manufactured using specially hardened steel
- ABUS XPlus cylinder for exceptionally high protection against manipulation attempts such as picking
- Two keys are included in the scope of delivery, one of which is an LED torch key
- Manual cover to protect the keyhole from dirt and corrosion
- ABUS Code Card for additional and replacement keys
- Excellent protection where the risk of theft is high
- Recommended for protecting high-value bicycles and motorbikes

Product features

- Security level (motorcycle): 20 out of 20
