

# ekey dLine komplekt Winkhaus

## Tootekirjeldus

The ekey dLine fingerprint scanner is a biometric access solution that grants keyless access to buildings using intuitive touch operation. The door now also features smart functions, so that the intelligent use of a building begins at the front door. The system is administered via the free ekey bionyx app.

### The fingerprint scanner in detail:

- Smallest possible model: the focus is on the door design
- Area sensor technology
- Different switching functions with different fingers
- Recommended mounting height: 155 cm
- Suitable for outdoor and indoor use
- Temperature resistance from -25 °C to +70 °C
- Status display via 4-segment light ring
- 20 users or 80 fingers (can be expanded to 100 users)
- Read protection: stored information can not be read or further processed

### Scope of delivery:

- ekey dLine [fingerprint scanner](#) - 201001
- ekey dLine [design element door leaf stainless steel gray incl. mounting adapter](#) - 201101
- ekey dLine [control unit](#) - 201201
- ekey dLine [control unit mounting plate round-cut 20 mm](#) - 201211

- ekey dLine [control unit mounting plate square-cut 24 mm](#) - 201214
- ekey dLine [control unit motorized lock cable Winkhaus blueMatic 3.5 m](#) - 201360
- ekey dLine [fingerprint sided control unit cable 0.6m](#) - 201321
- ekey dLine [fingerprint scanner control unit sided cable 3.5 m](#) - 201326
