

# ekey dLine sÄµrmejÄljelugeja

## Tootekirjeldus

The ekey dLine fingerprint scanner is a biometric access solution that grants keyless access to buildings using intuitive touch operation. The door now also features smart functions, so that the intelligent use of a building begins at the front door. The system is administered via the free ekey bionyx app.

### The fingerprint scanner in detail:

- Smallest possible model: the focus is on the door design
- Area sensor technology
- Different switching functions with different fingers
- Recommended mounting height: 155 cm
- Suitable for outdoor and indoor use
- Temperature resistance from -25 °C to +70 °C
- Status display via 4-segment light ring
- 20 users or 80 fingers (can be expanded to 100 users)
- Read protection: stored information can not be read or further processed
