

# Võutmete lõikamismasin Keyline Ninja Dark

## Tootekirjeldus

- Ninja Dark is a high-precision automatic duplicating machine to cut by copy single and double sided edge-cut keys.
- The quickest and simplest key copying.
- The speed of the duplicating function is unrivaled, with single step key cutting, maximum precision and reliability.
- Compact dimensions and attractive design for unlimited use
- Ninja Dark allows the progression from basic key copying to advanced key cutting functions thanks to the easy integration of a dedicated digital touch screen console which can be purchased separately.
