

Võutmete lõikamismasin Keyline Messenger

Tootekirjeldus

- Messenger is Keyline's on-the-go key cutting machine for laser, edge and dimple keys.
- Messenger is controlled by an App, which can cut by code, decode and copy keys.
- With Messenger you can provide commercial, residential, or automotive key cutting service anywhere, at any time, and with the utmost flexibility!
- It's very simple to use. In fact, the user can control all the machine functions through the KDT APP, using an Android smartphone or tablet.
- The machine has been designed for everyone out there who needs to duplicate keys on-the go.
