

Backset 50 mm.

Hardened steel 3-layered deadbolt projects 21 mm thrown by 360° turn of key.

Thumbturn inside as an alternative function: makes it easy to lock and open the door when you are at home.

When leaving the house you can block the thumbturn with a nipple on the faceplate: the lock will stay in the security position and cannot be open without a key not even from inside. Opening the lock with a key automatically restores the thumbturn function.
